

# ESA Summer School

## Monday 19th to Wednesday 21st July 2021

### Intent

The ESA Summer School was planned to provide assessment and focussed intervention in order to identify and respond to missing skills and knowledge in new students starting at ESA in September 2021 following the Covid lockdowns in 2020 and 2021. Students were also able to familiarise themselves with the ESA ethos, establish relationships with peers and staff and learn appropriate technical skills with new kit and technology not available for training during the pandemic.

### Overview

- 3 day provision to all students who have accepted a place at ESA from September 2021.
- Focusing on English Maths, Science, technical and creative practice for the culture industry in line with the ESA specialism. Activities also focussed on team building.

### Timetable of Events

Students split into 4 groups

	Monday	Tuesday	Wednesday
Group 1	Science Media/Film English	Responding to a brief Maths Reading Assessments	Stop animation Arts projects Science
Group 2	Media/Film English Maths	Science Responding to a brief Reading Assessments	Stop animation Arts projects Science
